## Dear parents/carers

Exam season is well underway, and students have been excellent at attending the pre-exam warm up sessions being run by staff.

Please ensure your child is in school in plenty of time for their exams so they have time to prepare and go over last-minute tips from their teachers.

AM exams start at 9am, this means students need to be lined up in school no later than 8:45. PM exams start at 1:30pm, this means students will line up at 1:15 at the end of their lunch break.

On the following page is a summary of the exams and warm up sessions for students next week, all students are strongly advised to attend the warm up sessions to get last minute advice and support from their teachers. If students are not in exams they are expected to attend their normal timetabled lessons.

Please support your child to do the best in their exams by:

- Helping them create healthy sleeping and eating habits
- Helping create a quiet space for them to revise, school is open until 4pm on Tuesday-Thursday for quiet revision.

- Encouraging them to attend every day and be on time
- Ensuring that they arrive to school with the equipment they need to complete their exams

All students have been given guidance on conduct and rules for exams and have had several opportunities to practice throughout their mocks. JCQ guidance for all candidates across all schools can be found at the link below, failure to follow rules and meet expectations may result in a students paper not being graded by the exam board. All students have also received a copy of this guidance.
